# Release PV6.0.0 SV200

The theme for this Major release is maintaining solution functionality.

## Upgrade Information

- You can reinstall over the existing installation. Reach out to your OneStream Software representative for questions regarding this process.
- OneStream strongly recommends uninstalling the UI for Cloud Administration Tools before installation. Any modifications to settings must be redone.

## Compatibility

- This solution is compatible with OneStream Platform v8.
- This release requires a minimum 6.0 Platform release.

## Documentation

- Only the Release Notes were updated for this release. The *Cloud Administration Tools Guide* has not been updated except to change the release number and copyright if needed.
