Release PV800 SV100

The theme of this release is enhancements for Cloud Administration Tools.

Prerequisites

- This solution is compatible with OneStream Platform v8.
- This release requires a minimum 8.0 Platform release.
- This release supports a reinstall over the existing installation. Reach out to your OneStream Software representative for questions regarding this process.
- OneStream strongly recommends uninstalling the UI for Cloud Administration Tools before installation. Any modifications to settings must be redone.

New Features

None

Enhancements

Cloud Administration Tools admins can give access to appropriate users based on Security Roles.

Fixed Issues

None

Known Issues

None
