End of Support Dates

Platform version Engineering and General Support - End of Support (EOS) Dates.

Engineering Support coverage implies the period of time for which a Platform version is eligible to address critical issues in a hotfix. General Support coverage refers to the period of time when the support team will process any functional, technical, or operational issue. This does not include hot fixes.

All customers are encouraged to plan yearly Platform upgrades to ensure the operation of a secure and high performing platform. Customers with Platform versions that have reached the End of General Support period should plan a Platform upgrade as soon as possible.

NOTE: EOS dates are effective at end of month. Shaded items have reached end of support.
