Parcel Service Release PV8.5.0

SV100

The theme of this Hotfix release of Parcel Service is bug fixes and a platform upgrade for continued optimal operations.

Fixed Issues

- When Genesis is installed, Parcel Service will not generate any errors while running a discovery or shipping a parcel. (MP3-8571)

Upgrade Information

- This release supports a reinstall over the existing installation. Reach out to your OneStream Software representative for questions regarding this process.

Compatibility

- OneStream Platform Version 8.5.0 is the minimum version required to install this version of the solution.

Documentation

- Only the Release Notes were updated for this release. *The Parcel Service Guide* has not been updated except to change the release number and copyright if needed.
