# Table Data Manager Release

## PV6.2.0 SV103

The theme for this Hotfix release is internal maintenance of Table Data Manager to ensure continued optimal operations.

### Upgrade Information

- This release supports a reinstall over the existing installation. Any modifications to business rules or connectors must be redone. Reach out to your OneStream Software representative for questions regarding this process.
- See the *Table Data Manager Guide* for deployment details and how to manually remove previous releases of the Table Data Manager.

### Compatibility

- This solution is compatible with OneStream Platform 8.0 and above.

### Documentation

- The solution Help icon now prompts a dialog where you can access online help documentation. (MP3-7662)
- The *Table Data Manager Guide* has not been updated except to change the release number and copyright if needed.
