Release PV9.0.0 SV211

Prerequisites

Use OneStream Software platform version 9.0.0 or later with this version and Xperiflow version 4.0.1 or later.

New

- Updated to newest versions of Shared Library and Solutions Layout Frameworks.
- Enhanced logic for parsing environment name and Base URL.

Known Issues

- In specific situations where a web service request encounters an error, the user interface fails to update to indicate an error state.

Contacting Support

OneStream Support can be contacted at any time by registering at http://support.onestreamsoftware.com and then emailing support@onestreamsoftware.com.
