Guided Reporting Release PV8.4.0 SV112

The theme of this Hotfix release is a bug fix.

Fixed Issues

- Reports with column or row set parameters open and support parameter selection. (MP3-7928)

Upgrade Information

- It is recommended for this release that users first uninstall the UI. Reach out to your OneStream Software representative for questions regarding the reinstall process.

Compatibility

- This solution is compatible with OneStream Platform v8.

Documentation

- Only the Release Notes were updated for this release. The *Guided Reporting* Guide has not been updated except to change the release number and copyright if needed.

Guided Reporting Release PV8.4.0 SV110

The theme of this Minor release is new functionality.

Highlights

- In Report Management, nested parameters can now be discovered.

New Features

- Reports with nested parameters are accessible in Guided Reporting. When using the Discover process, nested and parent parameters can be viewed in the Selector List. (MP3-6723)
- The solution Help icon now prompts a dialog where you can access online help documentation. (MP3-7600)

Upgrade Information

- It is recommended for this release that users first uninstall the UI. Reach out to your OneStream Software representative for questions regarding the reinstall process.

Compatibility

- This solution is compatible with OneStream Platform v8.

Documentation

- The *Guided Reporting Guide* and Release Notes were updated for this release.

Release PV8.4.0 SV100

The theme of this Major release is bug fixes.

Fixed Issues

- Delimited and bound parameters show the description instead of the value. (MP3-6541)
- Time profiles are referenced so that accounting periods are accurately associated with date parameters in reports. (MP3-6830)

Upgrade Information

- This release requires a minimum 8.4 Platform release.
- This release supports a reinstall over the existing installation. Reach out to your OneStream Software representative for questions regarding the reinstall process.

Compatibility

- This solution is compatible with OneStream Platform v8.4

Documentation

- Only the Release Notes were updated for this release. The *Guided Reporting* Guide has not been updated except to change the release number and copyright if needed.
