Release PV620 SV102

The theme of this release is compatibility.

NOTE: Only the Release Notes were updated for this release. The Table Data Manager Guide has not been updated except to change the release number and copyright if needed.

Prerequisites

- This solution is compatible with OneStream Platform v8.2.
- This release supports an overinstall for previous releases. Any modifications to business rules or connectors must be redone. Reach out to your OneStream Software representative for questions regarding the overinstall process.
- See the *Table Data Manager Guide* for deployment details and how to manually remove previous releases of the Table Data Manager.
